## Published Articles in Medical Journals

- 1- Increased suppressor cell activity in a patient with Mycobacterium avium-intracellulare pulmonary disease and hypogammaglobulinemia.  
ND Phung, P Davidson  
Annals of Allergy 1981; 50: 385-388
- 2- Alpha-1-antitrypsin deficiency and common variable hypogammaglobulinemia in a patient with asthma.  
ND Phung, R Kubo, Sheldon L Spector  
Chest 1982; 81: 112-114
- 3- Familial hypogammaglobulinemia: Genetic linkage with alpha-1-antitrypsin deficiency.  
ND Phung, R Harbeck, C Helbling-Muntges  
Archives of Internal Medicine 1983; 143: 575-577
- 4- Laboratory assessment of allergic disease (Chapter 2)  
Nguyen Dinh Phung  
In "Practical Allergy & Immunology", Editor William B Klaustermeyer  
Publisher John Wiley & Sons, Inc, New York 1983
- 5- Intranasal Beclomethasone in severe rhinosinusitis and nasal polyps.  
HA Krouse, ND Phung, WB Klaustermeyer  
Annals of Allergy 1983; 50: 385-388
- 6- Theophylline toxicity in ambulatory elderly patients  
ND Phung  
Immunology & Allergy Practice 1986; 8: 232-235
- 7- Impaired lung function in patients with IgA deficiency and low levels of IgG2 or IgG3 (Letter)  
ND Phung  
New England Journal of Medicine 1986; 314: 926
